Previous FMKF support from 2000 - 2017 totaled \$158,500. X SDK 9/29/20 comments: Bill and Alice coordinated a phase out over three years ending in 2017. The author suggests that we expressed possible interest in the future if focus on children. I don't remember that at all or see in the file notes. Now, a significant employee embezzlement has occurred. I am sorry to hear that, but don't think this is one we want to rekindle.

Ms. Baker-James indicates she cc'd AKH on request, but AKH had not received a copy; a copy was subsequently sent to AKH. 11/5/20 AKH comments: "I am certainly interested in the NC Museum of Natural Sciences (NCMNS) and generally take grandchildren there a couple times a year for new exhibits. But I wouldn't want to take resources away from our regularly supported institutions to fund this particular project— especially during these challenging times for smaller nonprofits. The NCMNS hasn't stayed connected with us, never submitting another grant request in spite of a visit that Bill Byrnes and I paid to it maybe 6-7 years ago. I imagine that the museum didn't understand that annual funding might be a possibility and so are just coming to us when a major gift is needed. I am sure you can get them straight!" JJK/JFT to follow up. PD: 3/15/06 and 6/30/09
